## A PERSONAL REFLECTION

In this First session we will explore five personal goals you want out of life.

You should ask yourself.

WHAT DO I WANT OUT OF LIFE?

State these goals on the opposite page. (Make it simple even one word)

You can put these goals up on a wall in your room and keep it as a reminder of your Goals .

The Goals can be of your career, social or personal; they must however be simple realistic and achievable.

## Challenge for the week

- **Take the “What I Want Out of Life” list you wrote above to the next level.** Take ONE action to bring you a tiny step closer to one of your GOALS. Check out a related book, contact someone in your chosen field with a question, or an extra workout or study session. Write about it in the space provided.
- **Pray the Hail Mary** each night before bed this week, for yourself and your fellow students, asking God to help you to be open to what He has in store for you in the time of preparation that lies ahead. Put a note on your bedside table to help you remember.
- **Did you know that God speaks to us through the kindness of other people?** Think about all those people who help you figure out your life (parents, teachers, coaches, friends, and many others), and thank one of them for something specific before the next session. Do it in person or by Whatsapp (Voice or text). Share your experience in the space provided.
